# Oklahoma Practice Questions

**Q1. When must you obey instructions from school crossing guards?**

- A) Only if you see children present.
- B) At all times when they are directing traffic.
- C) Only during official school hours.

**Answer: B**

**Q2. Before changing lanes on a multi-lane highway, what should you do?**

- A) Check mirrors and blind spots and signal; do not sound your horn or flash headlights.
- B) Sound your horn to warn other drivers.
- C) Turn on your headlights to signal intent.

**Answer: A**

**Q3. What is a good practice when driving near a large commercial vehicle?**

- A) Drive beside it for long stretches to stay out of its blind spot.
- B) Avoid lingering beside it — do not stay in its blind spots.
- C) Tailgate to reduce wind drag on your vehicle.
- D) Always pass on the right regardless of conditions.

**Answer: B**

**Q4. What do orange background traffic signs indicate?**

- A) Regulatory signs.
- B) General warning signs.
- C) Construction and maintenance warning signs.

**Answer: C**

**Q5. Do pedestrians always have the right-of-way in crosswalks and at intersections?**

- A) FALSE
- B) TRUE
- C) Only in marked crosswalks.
- D) Only when crossing during daylight.

**Answer: A**

**Q6. When a reversible lane displays a red X, you should:**

- A) Drive only if no oncoming traffic is visible
- B) Never drive in that lane
- C) Use it to pass slowly

**Answer: B**

**Q7. The space you need to cross traffic safely depends on which factors?**

- A) Your vehicle's color only.
- B) Road and weather conditions and oncoming traffic.
- C) Whether you used your turn signals.
- D) Only on the presence of a stop sign.

**Answer: B**

**Q8. If your vehicle's right wheels leave the pavement, you should:**

- A) Ease off the accelerator
  - steer parallel to the road
  - slow
  - then carefully steer back onto the pavement
- B) Brake sharply and jerk the wheel back onto the road
- C) Immediately accelerate to get back onto the pavement quickly

**Answer: A**

**Q9. If other drivers nearby are acting angrily, what should you do?**

- A) Make eye contact and match their behavior.
- B) Distance yourself from them and avoid eye contact or gestures.
- C) React with hand gestures to show you are right.

**Answer: B**

**Q10. A sign reading 'Reduced speed, 35 mph' means what regarding the new limit?**

- A) You have plenty of time after the sign to slow down gradually.
- B) The new limit begins at the next posted speed sign.
- C) The reduced 35 mph speed limit begins at that sign.

**Answer: C**

**Q11. To safely cross a railroad track you should:**

- A) Look and listen both ways and proceed only when safe
- B) Cross quickly if you see a train in the distance
- C) Only look when the red lights are flashing

**Answer: A**

**Q12. When entering a roadway from a private road or driveway, what must you do?**

- A) Partially enter the roadway to alert other drivers.
- B) Blow your horn to warn approaching cars.
- C) Yield the right-of-way to pedestrians and vehicles already on the roadway.

**Answer: C**

**Q13. When parking uphill next to a curb, how should you set your wheels?**

- A) Keep your front tires straight and do not use the parking brake.
- B) Turn your steering wheel toward the curb so the vehicle will roll into it.
- C) Turn the wheels sharply to the right and leave the car in neutral.
- D) Turn your steering wheel away from the curb and set the parking brake.

**Answer: D**

**Q14. When may you cross a solid yellow centerline?**

- A) Anytime you want to pass slow traffic.
- B) Whenever traffic is light.
- C) During daylight hours only.
- D) Only to make a turn into or out of a driveway or side road.

**Answer: D**

**Q15. What does a curb painted red signify?**

- A) No parking
- B) Handicap parking only.
- C) Area reserved for passenger pick-up and drop-off.
- D) Loading zone for deliveries.

**Answer: A**

**Q16. Under normal driving conditions, what is the minimum following distance you should maintain?**

- A) Four seconds.
- B) Two seconds.
- C) Three seconds.
- D) One second.

**Answer: C**

**Q17. Approaching a railroad crossing without active warning signals, a driver should:**

- A) Rely only on the crossbuck sign and keep speed.
- B) Proceed normally if no train is visible.
- C) Slow down
  - look
  - and listen before crossing.

**Answer: C**

**Q18. What happens as your blood alcohol concentration (BAC) increases?**

- A) You become more sober.
- B) You become more coordinated and alert.
- C) You become more intoxicated and impaired.
- D) Your driving reflexes improve.

**Answer: C**

**Q19. How should you check blind spots before changing lanes?**

- A) Rely only on the outside mirrors.
- B) Look only at the inside rearview mirror.
- C) Turn your head and look over the left or right shoulder to view the blind spot.
- D) Use your horn to warn other drivers first.

**Answer: C**

**Q20. To avoid hydroplaning in heavy rain you should:**

- A) Immediately move to the shoulder when the rain starts
- B) Use cruise control at a constant speed
- C) Reduce your speed

**Answer: C**

**Q21. Alcohol consumption affects driving by:**

- A) Waking you up
- B) Slowing reflexes and reaction time
- C) Improving concentration

**Answer: B**

**Q22. How should you scan the roadway to prepare for hazards ahead?**

- A) Drive with your left foot resting lightly on the brake.
- B) Stare straight ahead at all times.
- C) Continuously scan the entire road and roadsides rather than staring straight ahead.

**Answer: C**

**Q23. When approaching railroad tracks, what should you do?**

- A) Speed up to beat a potential train.
- B) Look and listen.
- C) Try to drive around a lowered gate.

**Answer: B**

**Q24. If you approach a green light but traffic is blocking the intersection, what should you do?**

- A) Partially enter to establish your right-of-way
- B) Do not enter the intersection until you can get completely through it
- C) Enter and wait for traffic to clear

**Answer: B**

**Q25. How should you proceed at an intersection controlled by a stop sign but with no stop line or crosswalk?**

- A) Come to a complete stop before entering the intersection
  - then proceed when safe.
- B) Slow down and proceed without stopping.
- C) Stop at least 20 feet before the intersection regardless of layout.

**Answer: A**

**Q26. When driving near large trucks, what should other drivers allow for?**

- A) That large trucks require a longer stopping distance.
- B) That large trucks produce less noise and are easier to hear.
- C) That trucks always have smaller blind spots than cars.
- D) That trucks can stop more quickly than passenger vehicles.

**Answer: A**

**Q27. Where must you stop at a stop sign that has no marked crosswalk?**

- A) Only after entering the intersection
- B) At least 20 feet before the sign
- C) Before entering the intersection

**Answer: C**

**Q28. When you see a steady yellow arrow at a traffic signal, what should you do?**

- A) Stop if it is safe to do so
  - because a red arrow is about to appear.
- B) Proceed with the turn without yielding.
- C) Merge into the lane pointed by the arrow immediately.

**Answer: A**

**Q29. How are fines typically changed for moving violations in construction/maintenance zones when workers are present?**

- A) Fines are reduced.
- B) Fines are unchanged.
- C) Fines are doubled.

**Answer: C**

**Q30. If the intersection ahead is blocked by traffic, what should you do?**

- A) Enter slowly and wait until the traffic moves
- B) Move up as close as possible to the car ahead so you can go quickly
- C) Stay out of the intersection until you can fully clear it

**Answer: C**

**Q31. You arrive at an intersection with a flashing red light. What should you do?**

- A) Only stop if other cars are present.
- B) Come to a full stop
- C) Treat it as a flashing yellow light.
- D) Slow down and cross if it feels clear.

**Answer: B**

**Q32. When is it permissible to stop or park along the shoulder of a freeway?**

- A) If you turn on your hazard lights and the vehicle is off the road.
- B) Only in an emergency or when directed by authorities.
- C) Whenever you need to check a map.
- D) Any time there is no traffic present.

**Answer: B**

**Q33. Like alcohol and drugs, what effect can drowsiness have on driving?**

- A) It has no effect on driving judgment.
- B) It can impair judgment and slow reaction time.
- C) It improves alertness.

**Answer: B**

**Q34. What is the purpose of an advisory speed sign attached to a curve warning sign?**

- A) To indicate the only legal speed you may drive in any condition.
- B) To show a recommended safe speed for that curve under ideal conditions.
- C) To be ignored during rain
- D) To mark the distance to the next town.

**Answer: B**

**Q35. True or false: Your speed does not affect how far your vehicle travels after you apply the brakes.**

- A) True
- B) False
- C) Only on dry roads
- D) Only when you have anti-lock brakes

**Answer: B**

**Q36. What should you NOT forget to do when changing lanes?**

- A) Assume no other drivers are nearby so signaling is unnecessary.
- B) Only check your rearview mirror.
- C) Check mirrors and blind spots and use your turn signal.

**Answer: C**

**Q37. At an uncontrolled intersection where vehicles arrive simultaneously, you should:**

- A) Yield to the vehicle on your left
- B) Proceed immediately without yielding
- C) Yield to the vehicle on your right

**Answer: C**

**Q38. Because motorcycles, scooters, and mopeds can be hard to see, drivers should:**

- A) Share the same lane with them.
- B) Slow to a complete stop whenever they are nearby.
- C) Make regular visual checks and be especially alert.

**Answer: C**

**Q39. When parking facing uphill on a road without a curb, how should you turn your front wheels?**

- A) Turn the wheels sharply to the left so the car will roll into traffic if it moves.
- B) Keep the wheels straight ahead and leave the car in gear.
- C) Turn the wheels away from the edge of the road.
- D) Turn the wheels toward the edge of the road (to the right).

**Answer: D**

**Q40. What can happen when alcohol is combined with another drug?**

- A) Only the alcohol will have an effect.
- B) They will cancel each other out and have no effect.
- C) Both effects will always decrease.
- D) The effects of both substances may be increased

**Answer: D**

**Q41. To drive safely at night you should:**

- A) Reduce following distance to keep traffic flowing
- B) Increase following distance
- C) Use high beams at all times

**Answer: B**

**Q42. After stopping for a train at a crossing, what should you check for before proceeding?**

- A) Only that the gates are up. b: Look for a second train and ensure all warning signals have stopped. c: That the first train cleared the nearest track regardless of other tracks. d: Only that no cars are behind you.

**Answer: B**

**Q43. When changing lanes, what should you do to check for traffic in your blind spot?**

- A) Rely only on your mirrors.
- B) Rely on the vehicle's blind-spot sensor only.
- C) Trust the rearview mirror exclusively.
- D) Look over your shoulder toward the lane you plan to enter.

**Answer: D**

**Q44. If your vehicle starts to skid, what should you do first?**

- A) Turn off the ignition immediately.
- B) Ease off the gas and steer in the direction of the skid.
- C) Pump the brakes rapidly and steer opposite the skid.
- D) Brake as hard as possible and hold the wheel tightly.

**Answer: B**

**Q45. How do worn or bald tires affect driving?**

- A) They always decrease fuel consumption.
- B) They improve traction in wet conditions.
- C) They can increase stopping distance and raise hydroplaning risk.

**Answer: C**

**Q46. If a train is close enough or fast enough to be dangerous, what must you do at a railroad crossing?**

- A) Cross at your own risk if no signals are active.
- B) Do not cross the tracks until the train has fully passed.
- C) Slow down and cross before the train arrives.

**Answer: B**

**Q47. True or false: Nighttime is the safest time for cyclists to ride.**

- A) True
- B) False
- C) Only with high-visibility gear
- D) Only on well-lit streets

**Answer: B**
